Intelligence Delivered Directly to You

Redstone Arsenal and Marshall Space Flight Center personnel can have intelligence delivered to their inbox at no cost to them through RSIC

MyAWIN Personal Alerts – whether you are tracking programs, organizations or another aspect of the market, everyone at Redstone can create their own custom alerts. Easy to set up, these time saving alerts ensure that even if you are away from your office, you never go without the intelligence most vital to you and your workflow.

To begin setting up your alerts, click on the MyAWIN link in the AWIN Tools box in the right hand portion of the AWIN homepage. You will be asked to either log-in or register; click on the register link and complete the form that appears using your Redstone email address as your User Name.

There are 4 easy steps to create an alert:

1. Name the alert
2. Note your search terms
3. Enter your search parameters
4. Save what you entered

Aerospace Daily & Defense Report is accessible through the link on the AWIN Homepage but you can register to have it emailed out each business day to your Redstone Arsenal email address. Click on the green button underneath the Redstone Arsenal logo on the AWIN homepage and insert your email address as well as the format you wish to receive it in (html or text).

Maximizing Your AWIN Usage

There is so much data and intelligence within AWIN, we are here to help you locate what you need. We offer:

Online AWIN User Guide. This is a PowerPoint file which provides step by step details on searching within AWIN, creating your MyAWIN personal alerts, and much more.
